# WHY FLETCHER LIVING?

We've been building homes for Kiwis from one end of the country to the other for more than 110 years, earning a reputation for exceptional quality and outstanding value-for-money.

On the way towards becoming New Zealand's largest residential home build company, we've learnt a thing or two - about what works, and what doesn't; about what Kiwis look for in a home, and about what makes a sound investment.

Today, we use that knowledge to design and build homes and neighbourhoods which enhance people's lives. Environments which complement the modern way of life in New Zealand, with a real connection to nature and a strong sense of community.

## THE FLETCHER LIVING ADVANTAGE

### EXPERIENCE

We've been building homes in New Zealand for over 110 years, with hundreds of homes built and sold in Christchurch alone - we direct all that experience into creating quality homes that Kiwis love.

### ATTENTION TO DETAIL

Our homes are built with real care and attention - and you'll find plenty of standard items in our homes that other builders might call 'extras'.

### QUALITY

Our contemporary designs maximise light, space and warmth ensuring our homes are sustainable, energy efficient and long lasting. We work with high quality, proven, low maintenance materials that work in harmony with the environment.

### TRUST

We have a trusted reputation for designing and building high quality, enduring homes - ensuring genuine peace of mind for our homeowners. We're also backed by Fletcher Building, one of New Zealand's largest companies.

### SUPPORT

We're on the ground with staff in our Sales Suite and you'll also find plenty of after sales support, with local teams on hand to help straight away.

## **BODY CORPORATES AND SHORT-TERM LEASING**

It is becoming increasingly popular within Body Corporates for owners to lease out their unit short term on sites such as Air B'n B, Holiday Homes, Book-a-Bach etc.

Short term leasing does create insurance issues that unit owners need to be aware of.

Any units that are rented out solely on short-term leases (less than 90 days), are considered by EQC and insurers to be a commercial operation. If the owner still retains some use of the unit, as a holiday home, then the unit may still be considered residential.

Commercial units are not eligible for earthquake cover under EQC and will then obtain their earthquake/natural disaster cover from the Body Corporate private insurer. This changes the EQC levies that are charged. For commercial properties, the earthquake excess charged by the insurers can vary between 2.0% - 5% of the building sum Insured.

### **For units that are rented out short-term, owner will need to obtain their own cover for the following:**

- Loss of Rent Cover. (Owners will need to arrange their own Business Interruption cover through their broker).
- Landlord Contents (commercial landlord contents may be available depending on the broker/insurance company, please check with PBCS).
- Illegal Substances Cover (Meth Contamination).
- Liability Cover (As short-term let units are considered a commercial risk, the Body Corporate Liability policy will not provide cover).

It is important that all unit owners are aware of these implications to their insurance coverage and that they inform us of the usage of their unit.
